

Zeolite

🇨🇦 Natural Health Product

Helps to support detoxification

Mineral **Zeolite** is a biologically active sorbent, natural health product.

Inorganic chemical toxins, contained in water and digested food, could be a cause of toxic conditions such as general intoxication, hypersensitivity to chemicals, immune system weakness, gastrointestinal reactions and other pathological processes.

Detoxification, absorption, and removal of toxins from the gastrointestinal tract may be very helpful in maintaining good health.

Ingredient:

- Clinoptilolite (Zeolite): 100%

NPN: 80071578

Zeolite 1

🇨🇦 Natural Health Product

Nature's Detoxifier

Zeolite 1 is recommended for use:

- as a biologically active food supplement, gastrointestinal sorbent for toxins as a product containing dietary fibre, microelements
- as a potent antioxidant
- as a pH balancer
- as preventer of heavy metal (Lead, Mercury, etc.) toxicity, absorber and remover of heavy metals ions
- as remover of radionuclides from the gastrointestinal tract for seniors and people with low physical activity and different levels of obesity
- as mineral metabolism balancer

Ingredients:

- Clinoptilolite (Zeolite): 55%
- Wheat bran (*Triticum aestivum*): 25%
- Rye bran (*Secale cereale*): 20%

Patent No.:
US 6287576 B1

NPN: 80071579

Zeolite 2

🇨🇦 Natural Health Product

Nature's Sorbent

Zeolite 2 is recommended for use:

- as absorber and remover of heavy metal toxins from the gastrointestinal tract and improves mineral, protein and lipid metabolism
- as neutralizer, exo/endo-toxins remover from the digestive system and proper liver condition and function provider
- as effective detoxifier during diarrhea
- as toxin absorber/remover from the gastrointestinal tract after chemo and radiation therapies

Ingredients:

- Clinoptilolite (Zeolite): 55%
- Oat bran (*Avena sativa*): 35%
- Rye bran (*Secale cereale*): 10%

Patent No.:
US 6287576 B1

NPN: 80071577

Zeolite 3

🇨🇦 Natural Health Product

Biologically Active Supplement

Zeolite 3 is recommended for use:

- as an effective detoxifier for those with excessive physical activity such as sportsmen, construction workers, industry workers, truck drivers, agricultural industry workers, farmers, travelers and others
- as an effective detoxifier, helpful in the neutralization and removal of metabolic toxins, free radicals, lactic acid, and toxic inorganic substances from the gastrointestinal tract

Ingredients:

- Clinoptilolite (Zeolite): 35%
- Wheat bran (*Triticum aestivum*): 25%
- Rye bran (*Secale cereale*): 20%
- Fructose: 20%

Patent No.:
US 6287576 B1

NPN: 80071584

Zeolite

🇨🇦 Natural Health Product

Zeolite, a natural mineral, super-efficient and eco-friendly, absorbent with a very regular pore structure of molecular dimensions, provides a sponge-like absorption, securely holds and then removes various harmful substances from the body and, at the same time, enriches the body with useful minerals.

The actual **Clinoptilolite** Zeolite molecule is shaped like a honey-comb and carries a natural negative (-) charge. When this type of Zeolite is ingested into the body, all positively (+) charged heavy metals, toxins, and harmful chemicals bind with the Zeolite, and are flushed out with excrement within 6-8 hours.

Absorbs Toxins

Due to Zeolite's extraordinary adsorption and selection capabilities, Zeolite binds with waste products and toxins.

Releases Free Radicals and Heavy Metals from Your Body

Most importantly, Zeolite binds with harmful heavy metals, allowing these substances to be easily eliminated from the body. Zeolite prevents neurotoxicity.

Boosts the Immune System

Toxin neutralization and extirpation allows immune system functions protection and activation.

Improves Body Mineral & Salt Balance

Zeolite is a unique natural product which stabilizes and regulates your mineral balance.

Zeolite 5

Natural Health Product

Supports mineral and metabolic balance

Zeolite 5 is recommended for use:

- as body detoxifier of radioactive and toxic inorganic substances
- as an improver of the physiology and functions of the thyroid gland
- as an enhancer of functions and physiology of the cardiovascular system
- as an ameliorator of liver function
- as an improver of renal function through indirect detoxification
- as an enhancer of neuro-physiology function that prevents an influence of toxic substances on Central Nervous System

Ingredients:

- Clinoptilolite (Zeolite): 55 %
- Japanese kelp (*Laminaria japonica*, thallus): 45%

Patent No.:
US 6287576 B1

NPN: 80071582

Zeolite 6

Natural Health Product

Protects cardiovascular and lymphatic system

Zeolite 6 is recommended for use:

- to prevent toxic effects of mercury on the cardiovascular and central nervous system
- to support the vascular system
- to protect human cells from oxidative damage / anti-oxidative effect
- to neutralize and remove biologically harmful agents and support resistance to stress
- to detoxify those having potentially been exposed to environmental pollutants

Ingredients:

- Clinoptilolite (Zeolite): 40%
- Di yu (*Sanguisorba officinalis*): 30%
- Wheat bran (*Triticum aestivum*): 15%
- Rye bran (*Secale cereale*): 15%

Patent No.:
US 6287576 B1

NPN: 80071585

Zeolite 7

Natural Health Product

Supports the Immune System

Zeolite 7 is recommended for use:

- as an important ingredient is *Inonotus obliquus*, commonly known as *Chaga mushroom*, a fungus in the Hymenochaetaceae family which
- supports the immune system to protect the cardiovascular and lymphatic system

Ingredients:

- Chaga (*Inonotus obliquus*, fruiting body): 55%
- Clinoptilolite (Zeolite): 45%

Patent No.:
US 6287576 B1

NPN: 80071583

Zeolite Dx

Natural Health Product

Outstanding detoxifier

Zeolite Dx is recommended for use:

- to regulate and balance mineral metabolism
- as remover of radionuclides from the gastrointestinal tract
- to moderate and equalize protein and lipid metabolism
- to increase energy level and general performance
- to reduce stress-related tiredness and increase productivity
- as body detoxifier from radioactive and toxic inorganic substances
- for positive impact on the processes of osteogenesis

Ingredients:

- Clinoptilolite (Zeolite): 50%
- Diatomaceous earth (uncalcined, fossilized phytoplankton): 50%

NPN: 80071580
